

2025

From The Loyola Administrative Perinatal Center: ***Perinatal Education Summer Bundle!***

Six Perinatal Pre-Recorded Programs for \$30.00

Watch 1 or all 6 videos! Watch all 6 and receive a total of 8.8 CEs.

ABOUT THIS PROGRAM: This is a collection of prerecorded educational offerings from your Loyola Administrative Perinatal Center. Outcomes listed below.

The learner will:

1. "But it's too soon!" Prevention and Treatment of Preterm Labor (1.25 CEs)

Describe the incidence of and risk factors for preterm labor (PTL), gain knowledge of treatment options for preterm or threatened PTL, define preterm contractions vs PTL, and know when to treat and define considerations of care of the family experiencing PTL.

By Dr. Ann K Lal, MFM, Medical Director Loyola University Medical Center

2. Neonatal Respiratory Diseases & Ventilatory Support Modes (1.3 CEs)

Define respiratory disease in the neonate, its pathophysiology and management, and identify neonatal ventilator support modes.

By Dr. Daisy Marty, FAAP, Neonatal-Perinatal Fellow, Loyola University Medical Center

3. Congenital Syphilis (1.5 CEs)

Identify clinical presentation, management and outcomes of neonatal congenital syphilis.

By Dr. Sachin Amin, Medical Director NICU, Loyola University Medical Center

4. Neonatal Nutrition: Human Milk and Infant Formulas (1.5 CEs)

Define human milk composition and metabolism, compare term infant formulas and their macronutrient compositions, and examine nutritional needs of the preterm infant.

By Amanda Hyerdall, MS, RD, LDN, Loyola University Medical Center

5. Movement in Labor (2.25 CEs)

Recognize the physiologic birth processes of fetal positioning and the relationship to pelvic floor anatomy, and understand of evidence-based maternal movement interventions that promote pelvic floor relaxation, fetal rotation and descent, when caring for laboring women (Voice over Powerpoint).

By Stephanie Loiacono, MS, BSN, RNC-OB, Loyola Administrative Perinatal Center, OB Outreach Educator

6. Optimizing Postpartum Recovery: The Role of Dietitian Referrals Before Discharge (1 CE)

Explain how dietitian referrals can support nursing care and improve patient outcomes. Integrating dietitian referrals to support nursing care and improve patient outcomes

By Morgan Mullins, RD, RDN, LDN, Owner & Lead Dietitian, Morgan Mullins Nutrition PLLC

REGISTER FOR THE BUNDLE JULY 9- OCTOBER 9, 2025!

- Within 3 business days you will receive an email with access to a Microsoft Teams folder of videos and evaluation links.
