

# Labor Support Conference: Evidence that Matters

**BLOSSOMING BELLIES**  
— WHOLISTIC BIRTH SERVICES —

**Thursday December 3, 2026 830a-430p**  
**Loyola University Medical Center**

- ❖ Excellent facilitator-- so knowledgeable, So much evidence; Open to questions & feedback; Made people feel comfortable with trying out and doing strange positions.
- ❖ I absolutely loved this workshop and wish that all of my peers at work could attend and receive this valuable education.
- ❖ Many birth interventions, (forceps, vacuums and c-sections) could be reduced if this education was more widely available.
- ❖ I really enjoyed the class! I can't wait to put into action the use of movement with peanut ball with epidural-ized patient and utilize the 'pool noodle' method
