PROGRAM OVERVIEW

Join leading experts in Anesthesia, Labor & Delivery, Neonatology, and Risk Management for a comprehensive day of advanced clinical learning. Analyze complex case studies, network with peers, and strengthen evidence-based decision making to improve maternal and newborn outcomes. This education is geared for all perinatal providers such as nurses, obstetricians, pediatricians, anesthesiologists, and students.

LEARNING OUTCOMES

The participant will agree on post evaluation they can apply this knowledge to their clinical practice.

- Current **OBSTETRIC ANESTHESIA** best practices and pain management considerations.
- Early recognition and management of **MATERNAL SEPSIS**.
- Assessment and evidence-based management of **NEONATAL SEPSIS**.
- Specific perinatal **LEGAL PRINCIPLES** with case reviews.

This activity is offered for 4.25 nursing contact hours.
Criteria for completion and contact hours include:

1) Learner to participate in the entire activity: Attendance documented at start and end of program.
2) Learner to complete evaluation. CE certificate will be emailed after completion of evaluation. Access to the evaluation will close on Tuesday, March 2, at 11:45 pm.

Register early, seats are limited.

Registration closes and cancellation refunds offered until February 22.

No one with the ability to control content of this activity has a relevant financial relationship(s) to disclose with an ineligible company.

Loyola University Health System is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.
