To hold a successful Video Visit, please...

- Perform your eCheck-in prior to your appointment date.
- Check/Test video app prior to video appointment.
  (See patient Video Visits Guides)
- Before the Video Visit begins, gather all medications or notes.
- Sit in a quiet, well-lit location.
- Wear appropriate public attire.
- Reduce possible distractions (radio, TV, pets, etc.).
- Ensure your device is well-charged or plugged in.
- Start the Video Visit 10 minutes before your appointment start time. (See patient Video Visits Guides)

Privacy Disclaimer: The myLoyola Video Visit is a clinical conversation between patient and provider and therefore is bound by HIPAA. Unauthorized recording of the video consultation by either patient or provider is strictly forbidden.
