

# The Loyola Administrative Perinatal Center Presents Pregnancy Coagulation Abnormalities & Antiphospholipid Antibody Syndrome

Provided by

Virtual Education

November 20, 2025, 12-1:30pm

## SPEAKER

**Dr. Stephanie Rodriguez Vivoni, MD**

**Maternal Fetal Medicine Fellow | Loyola University Medical Center**

Dr. Rodriguez is dedicated to clinical excellence, research and health promotion in maternal care. She is currently focusing on high-risk pregnancies as a postgrad at Loyola. Dr. Rodriguez completed a residency in Obstetrics & Gynecology at Icahn School of Medicine at Mount Sinai in New York City, where she established a comprehensive foundation in obstetric care.

Her clinical and research interests include postpartum care, birth equity and early indicators of illnesses in infants and she is an active investigator in projects in perinatal medicine. Dr. Rodriguez has presented her work at international conferences for reproductive investigation societies and contributed to peer-reviewed publications, including *American Journal of Perinatology Reports* and *Journal of Scientific Innovation in Medicine*.

In addition to her clinical and academic pursuits, Dr. Rodriguez is committed to mentorship. She creates a meaningful teaching impact on medical students at Loyola and from her alma mater, Pontificia Universidad Católica Madre y Maestra in the Dominican Republic, who pursue obstetrics and gynecology careers in the United States. Dr. Rodriguez brings leadership and a deep understanding of maternal fetal medicine to every aspect of her work.

**PROGRAM OBJECTIVES** After this educational activity, the learner will agree they:

1. Are prepared to care for patients in labor and delivery and postpartum with coagulation abnormalities.
2. Can identify clinical signs, diagnostic techniques and management options for patients in labor and delivery and postpartum with coagulation abnormalities.

*Loyola University Health System is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. No one with the ability to control content of this activity has a relevant financial relationship with an ineligible company.*

## Completion Requirements to Receive 1.5 contact hours for nursing:

- Learner's attendance of the program in its entirety and participation in all activities of the program.
- Learner's attestation that they attended the entire program.
- Learner's submission of a completed evaluation after the conclusion of the program.

**REGISTRATION - FREE! REGISTER BY Nov 13, 2025**
